John playing rugby for charity at Twickenham.

**About John**

**I've lived and worked in Uxbridge all my life.** I live in Cowley with my wife, Kate, and our three children, where we attend St. Laurence's Church. In my spare time I enjoy birdwatching, local history and watching sport. On expenses, the Daily Telegraph called me a "saint"

*John Randall*

**Our local environment**

**I continue to fight the third runway at Heathrow.** Only a Conservative government will stop the third runway. I will fight to defend our quality of life.

Speaking against war in Iraq

**Pensioner dignity**

**Pensioners deserve dignity and security in retirement.** We will roll back the 'means testing' of pensioners and increase the basic state pension in line with earnings rather than prices. We will cut council tax for millions of pensioners. We'll ensure that no-one has to sell their home to pay for care through our Home Protection Scheme.

**Supporting our troops**

**We will restore the military covenant.** Labour has badly let down our courageous servicemen and women, and their families. We must equip our forces with the kit they need and look after their families properly. Unlike the LibDems we will retain our nuclear defences.

**Our NHS**

**The NHS is our number one priority.** We will increase spending on health each year, whilst cutting waste and freeing doctors & nurses from meaningless targets to focus on giving top quality care.

**Education & schools**

**We will restore school discipline.** Teachers need the tools and powers to keep order and promote learning in our classrooms. Headteachers will be able to hire the best graduates by paying the best teachers more.

**Our country**

**Gordon Brown has bankrupted Britain;** run up debts for generations to come; permitted too much immigration; denied us a say on the EU's Lisbon Treaty and created a surveillance society where civil liberties are disappearing one after another. Only a Conservative government can deliver the change our country desperately needs.

**Reasons to vote Randall:**

- 1. Support our local NHS**
- 2. Cut government waste**
- 3. More effective policing**
- 4. Raise school standards**
- 5. Controlled immigration**
- 6. Support our troops**
